

COCHMM

FREE Webinar – PFAS

Please join us for an upcoming COCHMM webinar on per- and polyfluoroalkyl substances (PFAS) on February 1, 2021. The webinar will be held from 10:00-11:00 a.m.

Jeff Bates, Ph.D, CHMM of Columbus State Community College will present:

PFAS: A Persistent Environmental, Health & Safety Concern

The per- and polyfluoroalkyl substances (PFAS) includes thousands of different compounds that we use in modern society, but how much do we know about the environmental and human health and safety concerns associated with these chemicals? This webinar will fulfill the following objectives:

Participants will be able to:

- Describe what chemicals are included as PFAS, and give common uses of PFAS chemicals
- Explain the basic chemical and toxicological properties of PFAS compounds
- Recognize the environmental transport, and human health and safety concerns of PFAS
- Identify the evolving regulations of PFAS compounds

We will also overview membership and benefits of joining the Central Ohio Certified Hazardous Materials Managers chapter and our upcoming calendar of events!

The webinar is free to members and non-members.

Call in Information is below. There's no need to register.
